

Pioneer Chapter, NSDAR
Boise, Idaho

April 1, 2024

Dear Friends, Veterans, and Families,

On May 13, 2023, Pioneer Chapter, NSDAR dedicated the first 17 veteran burials previously unmarked in Morris Hill Cemetery, Silent Camp section. Seventeen headstones were installed for 10 previously “unmarked” veterans and seven “unknown” soldiers. We are grateful to the nonprofit groups that helped with these installations. Pioneer Chapter can continue with these additional markers because of the outstanding support from Boise Parks & Recreation.

As Pioneer Chapter continues to research and submit applications for additional unmarked veteran burials, the VA continues to approve and deliver granite headstones and flat bronze markers to Morris Hill Cemetery. Currently, we need your help to cover the cost of installing these memorials at a cost of \$235 each. The attached flyer Sponsor-An-Unmarked-Veteran defines exactly how you can help.

We can promise that your sponsorship gift will stand the test of time and be cared for by Pioneer Chapter, Boise Parks & Recreation, as well as many nonprofit groups who help maintain the veteran burials in Morris Hill Cemetery. Over the years to come we will level, edge, and gently clean your memorial, with utmost respect, love, and care. Your veteran will be honored always and will never be forgotten.

Please generously sponsor one or more previously “unmarked” veteran(s) buried within the veteran sections at Morris Hill Cemetery.

In DAR Service,

Thank you

Pioneer Chapter, NSDAR
